

Cluster School Concept:

My objective is to strengthen primary schools and high schools. I have submitted a proposal to honorable chief minister of andhra pradesh Sri N. Chandra Babu Naidu sir. He has granted a model cluster school first time started in Kalvapudi Village of Undi Constituency. I have donated land and facilitated donors to make it as a unique school with good buildings, large play ground, computer lab, LCD Monitor and other necessary equipment to the school. This cluster school, provides better educational standards. Every year I am providing sweets and fistaid boxes to all the 300 schools in my constituency through my Siva Swachanda Seva Samstha.

I am providing sports kits like cricket, volleyball, shuttlecock, short put, javelin and discus throw etc providing to every high school primary school. I want to provide better infrastructure facilities, toilets to each and every school. And planning to appoint an electrician and carpenter to repair the furniture and electrical works in every school.
