

## Cluster School Concept

- Siva Rama Raju MLA of UNDI objective is to strengthen primary schools and high schools.
- Qualitative and Quantitative improvements of the primary schools and high schools
- Present primary schools have no sufficient staff. They run with singular or plural teachers
- In a village there are three schools of this kind
- There are no Science labs, playgrounds, play equipment, class rooms, furniture, electricity and smart class rooms..etc
- There is no super vision on the teachers
- In the Cluster School concept all primary schools in a village clubbed with local high school. In this concept every class room has one teacher and provided with teaching learning equipment with smart technology.
- The students are provided with free transport and school dress
- It increases the efficiency of the teachers and students and saves money and infrastructure to the exchequer.

Siva Rama Raju MLA of UNDI objective is to strengthen primary schools and high schools. He has submitted a proposal to honourable chief minister of Andhra Pradesh Sri N. Chandra Babu Naidu sir. He has granted a model Cluster school first time started in Kalvapudi Village of Undi Constituency.

He has donated land and facilitated donors to make it as a unique school with good buildings, he provided play ground, computer lab, LCD Monitor and other necessary equipment to the school. This Cluster School, provides better educational standards. Every year he is providing sweets and first aid boxes to all the 300 schools in my constituency through my Siva Swachanda Seva Samstha.

He is providing sports kits like cricket, volleyball, shuttlecock, short put, javelin and discus throw etc providing to every high school primary school. I want to Provide better infrastructure facilities, toilets to each and every school. And Planning to appoint Electrician and carpenter to repair the furniture and Electrical works in every school.
